Fictionalized data

Buried in paperwork? A single click lets you track all your claims

Check in at your convenience to see if a claim has been processed and what you might owe. To get more details on a specific claim, click view claim details or view EOB. This will tell you the type of services provided, the amount billed and the amount paid, if any, and whether there's any action that needs to be taken before the claim can be processed.

You can choose to receive a secure e-mail any time you have a new EOB. If you're not ready to give up paper completely, you can print out copies from our claims center.
